

Ver left the situation unchanged as to steps to be taken with regard to the new raids.

The Washington government is still proceeding on the theory that the right to follow hot trails across the border has been established, and General Johnston's instructions are based on this view.

**MEMBERS OF TEXAS GUARD REFUSE TO TAKE OATH**

Reports from General Funston that 116 members of the Texas National Guard had refused to take the mustering oath and enter the Federal service under the President's call, brought members of Congress from that State to the War Department to-day to find out what action was in contemplation. They were told the matter had not yet reached Secretary Baker for consideration. Mr. Baker's military advisers are preparing recommendations for him. They appear to agree that the men are subject to court-martial under the existing militia laws, and it is known that some officers believe they should be tried and punished. The national guardsmen in general that they are undertaking a serious responsibility in joining the organization. The secretary himself has postponed a study of the law in the case until all the facts are before him.

A State Department announcement late to-day said the situation in the Yaqui Valley did not appear to be acute at present. The Yaquis are reported to have headquarters at Vicam. Three bands were reported south of the Yaqui River a few days ago, but department advisers were uncertain whether they were outlaws or Yaquis enlisted by the Mexican government.

**BRUSQUE DEMANDS MADE BY CARRANZA OFFICER**

FIELD HEADQUARTERS, May 22 (via wireless to Columbus, N. M., May 22).—Cavalry returning here to-day from far southern marches brought news of brusque demands made upon them by General Carranza. Carranza is in command of several thousand Mexicans now patrolling the section of Chihuahua from Pinar del Rio to San Antonio.

The demands were made on the Eleventh Cavalry, in command of Major Howze, a few days ago. The Americans, after annihilating half of a large band of Villa bandits at Ojos Azules, were resting south of San Antonio.

The demands were made on the Eleventh Cavalry, in command of Major Howze, a few days ago. The Americans, after annihilating half of a large band of Villa bandits at Ojos Azules, were resting south of San Antonio.

Carranza's first demand from Major Howze was the corn which the American troops had seized from the defeated Villa followers. Next he asked for the horses captured. He was told that the property would be given for, but that the money would be given to the original owners.

Finally Carranza demanded that the Americans retreat northward. This was refused flatly. The Carranza commander then requested permission to march past or through the American position to consolidate his command with reinforcements, and this was granted.

The Americans were drawn up on the crest of a hill when the Carranza soldiers marched past. An American soldier who watched them said to-day: "I am sure that half of that command was composed of boys. Some of them appeared not more than thirteen or fourteen years old."

Just after this incident on the hill Major Howze was ordered to fall back. When the Americans had withdrawn there were celebrations and shouts of "Victory" in San Antonio and nearby towns.

**SIBLEY'S BRIEF REPORT TRANSMITTED TO BAKER**

WASHINGTON, D. C., May 22.—General Funston to-night transmitted to Secretary Baker Colonel Sibley's brief report on his return from Mexican soil. The report, dated May 20, follows:

"Commander crossed Rio Grande at San Vicente at 8 A. M. to-day. Men and horses in excellent condition. No sick. Horses legs weary. No sign of Yaqui or other Mexican forces. Advanced detachments penetrated 165 miles over a desert country, scattered bands into small parties. Released two prisoners, wounded and captured two bandits, captured ten rifles and a portion of the plunder. As showing complete demoralization, and scattering bandits, one man was picked up in desert having wandered three days without water."

**FRENCH AT LAST REGAIN PART OF FORT DOUAUMONT**

(Continued from first page)

brought down a German aeroplane. In the vicinity of Eparges, two other air machines of the enemy attacked by French aeroplanes were brought to earth, one behind the enemy lines at a point near Lancyourt and the other behind our lines at Pontenoy.

"This morning aeroplanes of the enemy threw down bombs on Dunkirk. On the nights of May 21 and 22 several operations were conducted by groups of French aviators. Shells were successfully thrown down upon the railroad stations at Metz-Sablon, Avricourt and Royet, upon machine depots at Baches and Chappelleville, on bivouacs in the vicinity of Amannes, and on the village of Juncetz, where there had been installed the headquarters of the commandant of an important division. Furthermore, two of our dirigibles have rained down bombs on the railroad stations and the railroad lines at Briquesville and Tugn."

The official communication to-night reads:

"In the Argonne our batteries energetically bombarded Nantillois, Montfaucon and the Cheppy woods."

"On the left bank of the Meuse we continued to make progress during the day south of Hill No. 231, and forced the enemy to evacuate a small wood which he had held since May 12."

"In the region west of Le Mort Homme our counterattacks enabled us to drive the enemy from some new trench elements occupied by him."

"On the right bank of the Meuse after powerful artillery preparation our infantry stormed German positions along a front of about two kilometers, extending from the region west of the Trench of the Emperor to the Trench of the Emperor. On the entire front of the attack our troops captured German trenches and penetrated Fort Douaumont, the northern part of which the enemy still holds. Numerous prisoners remained in our hands."

"On the heights of the Meuse, in the Bouchet wood, a successful surprise attack enabled us to clear enemy trenches along an extent of 250 meters and to take prisoners."

"This morning, one of our aeroplanes, dispatched in pursuit of a German machine, which had approached Dunkirk

with the purpose of dropping bombs, overtook it and brought it down."

"In Alsace two enemy aeroplanes were brought down in an aerial combat. One fell within our lines at Senthelm, south of Thann; the other in the region of Le Bonhomme."

**ITALIANS DRIVEN FROM POSITION ON LAVARONE PLATEAU**

BERLIN, May 22 (by wireless).—The Italians have been driven from their position on Lavarone plateau, the Austrian War Office announced to-day says. It is stated that the Italians' defeat is steadily becoming more serious. The Austrian lines have been pushed forward rapidly, several additional positions of strategic importance having been captured. The number of Italians taken prisoner has been increased to 23,883.

The statement follows:

"The Italian defeat on the Southern Tyrol front is certainly becoming more serious. An attack of the Graz Corps complete success. The enemy was driven from his entire position. Our troops captured Fima, Mandriolo and the height immediately west of the frontier from the summit as far as the Astach Valley."

"The troops of Crown Prince Charles Francis Joseph reached the Monte Tormino-Monte Majo line."

"Since the beginning of the offensive 23,883 Italians, among whom are 482 officers, have been captured by us. The number of cannon taken has been increased to 172."

**BRITISH TAKEN AT RUT TO BE SENT TO ISLAND**

LONDON, May 22.—The American embassy at Constantinople, which has charge of British interests in Turkey during the war, sent word to-day of the disposition of the British forces captured by the Turks at Kut-el-Amara. This information is contained in the following official statement from the British press bureau:

"Ambassador Page states that the American embassy at Constantinople has been informed by the Ottoman government that General Townshend, who was in command at Kut-el-Amara, and his staff will be brought to Constantinople, and probably will be assigned to the island of Prinkipo (in the Sea of Marmora), where they will be allowed full liberty. Most of the officers and men are still at Kut and Bagdad. Some will be sent to Damascus."

**AUSTRIANS WITHDRAW 50,000 TROOPS FROM ALBANIA**

PARIS, May 22.—A neutral diplomat, who has just returned from Albania, is quoted in a dispatch to the Matin from Athens as saying that the Austrians have withdrawn 50,000 troops from Albania in the last three weeks. According to this small detachment to guard the towns they have occupied, leaving a garrison of 500 at Fiera and 500 at Berat. The remainder of the troops left in the country are concentrated at Durazzo.

The abandonment of the Albanian front is said to be due to the impossibility of bringing up supplies.

The statement that the Austrians are withdrawing their main forces from Albania apparently conflicts with recent dispatches from Athens and Paris, which stated that the Teutons were about to launch an attack in force against Avlona, the only town that remains in the possession of the Italians. On May 19 the Austrians are reported to have assembled a fleet of 150 transports at Durazzo, to transport troops and supplies to Durazzo.

**GERMANS WIN SEVERAL LINES OF BRITISH POSITIONS**

BERLIN, May 22 (by wireless).—The capture of several lines of British positions over a front of two kilometers (one and one-quarter miles) near Ginchy-Engoehele, was announced to-day by the War Office.

German troops stormed French positions on the eastern spur of hill 304, the Verdun front, and maintained them against repeated counterattacks. In addition to great losses of the enemy, 160 men and five machine guns, which are said to have cost the French great losses.

The statement reads:

"Western front. East of Noyon, a German machine patrol entered French trenches, destroyed the enemy defenses and returned with one officer and thirty-two men as prisoners."

"Southwest of Ginchy-Engoehele, several lines of British positions over a front of about two kilometers were captured. During the night several counterattacks were made and were repulsed. Four machine guns and one mine-thrower. Moreover, the enemy suffered exceedingly heavy losses."

"In the district of Berry-au-Bac the French, early in the morning, attempted a surprise attack without success."

"West of the Meuse our troops stormed French troops on the eastern spur of hill 304, and maintained them against repeated attacks of the enemy. In addition to great losses of the enemy, 160 men and five machine guns, which are said to have cost the French great losses."

The booty taken on the southern spur of Dead Man's Hill has been increased to thirteen cannon and twenty-one machine guns. South of Dead Man's Hill and in the vicinity of Chateauvert the enemy made futile attempts to recapture lost ground."

"The French made several attacks without success on our lines in the region of the quarry south of Haudromont, on the Vaux ridge (Verdun front). In the third attack, the French succeeded in obtaining a footing in the quarry."

"During the night the artillery was extraordinarily active on both sides."

"Our air squadrons yesterday repeated their attacks with visibly great success, on the harbor at Dunkirk. A biplane of the enemy fell into the sea after a fight. Four other aeroplanes were disabled in aerial combats, and fell within our lines, one in the vicinity of Weirique, another near Noyon, the third near Maucourt, east of the Meuse, and the fourth northeast of Chateau Salnt. The last-named was shot down by Lieutenant Wagner, gun and machine gun. The fourth aeroplane, in addition to those mentioned, First Lieutenant Roelke has brought down his seventh and eighteenth hostile aeroplanes, one south of Avocourt, and the other south of Dead Man's Hill. This brilliant aviator has been promoted by the Emperor to the rank of captain in acknowledgment of his achievements."

"Eastern and Balkan fronts: The situation generally is unchanged."

**Wholesale Expenses.**

ASHFORD, N. C., May 22.—Tonye Barker and a negro, known as "Shamrock," escaped from the New Bridge convict camp, three miles from here, on Saturday night. Barker, a sample was followed on Sunday night by Jesse Ed Rhine, Rastus Payne and Walter Marshall. All six were trustees at the camp and all but "Shamrock" would have been released within a few days.

**"The American Government" Book Coupon, May 23**

50c Fifty cents and one coupon from the Morning or Sunday editions will secure "The American Government" by Frederick J. Hunsdon, when presented at The Times-Dispatch office.

"The American Government" contains 388 pages (size 8 1/2 x 11 inches), 20 full page illustrations, 30 chapters, is bound in blue red cloth and is a dollar book.

If book is ordered by mail, send one coupon with 60 cents (the 10 cents extra is for postage) to The Times-Dispatch, Richmond, Virginia. CUT OUT THIS COUPON.

**BUSINESS MEN BELIEVE PROSPERITY IS GENUINE**

Do Not Anticipate Any Appreciable Shock If Peace Is Declared in Europe.

[Special to The Times-Dispatch.]

NEW YORK, May 22.—Canvass of the business men of the United States shows that they do not anticipate any appreciable shock to business in this country if peace is declared soon in Europe.

The canvass also reveals that there is practically a unanimous sentiment among business men in favor of preparedness, while intervention in Mexico is favored by only a small majority.

These facts were brought out by a canvass prepared by Harris Winthrop & Co., a New York firm, and mailed throughout the country. Answers were received from 1,110 of the largest business, engaged in almost every industry and industry.

Other opinions expressed were that high prices have not retarded the completion of goods; that the tariff would be better off of politics, and that railroads are gradually gaining the sympathy of the people in place of the widespread antagonism that has prevailed.

The Federal Reserve Act was lauded, and it was the general opinion that it had been of great benefit to the country.

It was also revealed that the labor question is quieting down gradually, and that unemployment has almost disappeared.

A majority were in favor of extending government protection to American citizens residing outside of the United States, while it was held that the war had increased the sense of civic responsibility and American nationalism.

Hundreds declared it was their belief that the present prosperity was genuine, with inflation of currency or credit, and that the workman had become more thrifty with better times.

**BRIDE AND GROOM SHOT JUST BEFORE CEREMONY**

Jealous Rival Shoots Woman and Follows His Attack With Assault on Man.

Forcing his entrance into the house of Armand Terry, 15 North Twenty-third Street, while she was waiting to be married to Henry Williamson, Andrew Best, colored, last night shot the Terry woman through the arm and thigh.

In a basement room Williamson, the groom-to-be, was talking with an insurance agent over policy on the life of his wife-to-be at the time. Williamson heard the shots and ran upstairs immediately. As he entered the room, Best saw him and fired. Williamson was struck in the chest and fell beside the Terry woman. Best fled and escaped.

A colored undertaker, who was to have taken an active part in the marriage ceremonies, arrived at the house a few minutes later. He summoned Ambulance Surgeon Fletcher, who found that neither the woman nor Williamson had been injured seriously and left them after rendering treatment.

Best effected an entrance into the house through an upper window. Jealousy was given as the cause of his act. At the time she was shot, the Terry woman sat on a couch holding her marriage license in her hand.

**Draw Plunges Overboard.**

BEAUFORT, N. C., May 22.—No Norfolk and Southern Railroad trains will enter Beaufort for several days as the result of an accident to a draw-bridge near here to-day. The bridge was being repaired and in some way the draw collapsed overboard and plunged into the water. Mail, passengers and freight will have to be ferried here.

**Stolen Auto Recovered.**

Policeman L. N. Clarke yesterday found the automobile stolen Sunday night from A. L. Hawes, of 1911 West Franklin Street, a few miles out of Richmond on the Broad Street Road. The machine was not damaged.

**SEEK FUND OF \$1,000,000 FOR MINISTERIAL RELIEF**

Members of Committee Recommend Immediate Action by Southern Presbyterian Assembly.

**SPECIAL ORDER FOR TO-DAY**

If Report Is Adopted, Denomination Will Have Largest Endowment for This Work of Any Church in the South.

ORLANDO, FLA., May 22.—An endowment fund of \$1,000,000 for the relief of retired ministers, widows of ministers, and orphans of those who have spent their life in church work will be recommended in a committee report to be submitted to the General Assembly of the Southern Presbyterian Church in the United States to-morrow. The committee will suggest that the endowment be provided "as soon as possible," and should the report be adopted, the Presbyterians, it is said, will have the largest fund for this work of any church in the South.

When the endowment for ministerial relief was authorized in 1911 the goal set was \$500,000. The fund is growing rapidly, and is now \$322,000. One ruling elder has offered to give \$5,000 not later than January 1, 1917, if the church or other individuals will give twice that amount. Already more than \$2,000 has been raised to meet the offer. This matter has been made the special order for to-morrow morning.

Another special order for to-morrow morning is the deaconess feature of the report on women's activities in the church. When the assembly decided on Saturday that women should not preach it was determined that consideration of the deaconess question should follow.

The Rev. Neal L. Anderson to-day made an unsuccessful attempt to get the matter before the assembly immediately, but it was deferred until to-morrow.

**REPORT OF COMMITTEE ON SYSTEMATIC BENEVOLENCE**

The work of the assembly to-day was largely confined to discussion and adoption of the report of the committee on systematic benevolence. The report was adopted as presented. An averture providing that the treasurer of the executive committee of foreign missions be made the treasurer of the assembly, with instructions to report to the assembly next year.

Another important feature of this report was that it appeals for any cause of the assembly during the coming year to be in the month assigned to specific causes, and then only in those churches not engaged in the assembly's plan.

The assembly to-day appropriated its financial budget for the coming year, and set amounts that the church will attempt to raise for each department. Fifty-five and one-half per cent of the total was awarded to foreign missions, and the minimum set for this work was \$566,000.

Other appropriations were: home missions, 22 per cent, with a minimum of \$324,000; Christian education and ministerial relief, 12 1/2 per cent, with a minimum of \$130,000; publication and literature, 4 per cent, with a minimum of \$40,000; and for the Bible cause, with a minimum of \$12,000. This makes a total of \$1,200,000.

No session was held to-night and none will be held to-morrow afternoon, that time being given up to an entertainment feature.

**WOMEN REACH NEW YORK TO ATTEND CONVENTION**

Majority of 20,000 Delegates, Alternates and Visitors Arrive on Hand for Meeting To-Day.

NEW YORK, May 22.—A majority of the 20,000 delegates, alternates and visitors, who are expected to attend the general biennial convention of the General Board of Christian Education of Women's Clubs of America, which opens to-morrow, has arrived in New York to-night. The visitors report more than 2,500,000 club women in every State and Alaska, Hawaii, the Philippine Islands, Cuba and Porto Rico.

Several Southern delegations, including those from Kentucky and Alabama, arrived early in the day, while a number of Western delegations left their trains at Albany this morning and finished the trip on Hudson River steamers.

Although the election of officers will not be held until the last few days of the convention, which will be in session until June 2, it is already attracting much interest.

Two candidates seek to succeed Mrs. Percy V. Pennybacker, for two terms president of the federation, and who is not a candidate for re-election. Mrs. Samuel Sheath, of Tiffin, O., first vice-president of the federation, announced her candidacy soon after her arrival to-day. The candidacy of Mrs. Joseph Evans Cowles, of Los Angeles, Cal., was announced on the arrival of the California delegation, which is prepared for a vigorous campaign, and plans the use of flags, banners, buttons, songs and a slogan. The contest, it is predicted, will be close.

**William T. Hunt Dead.**

NEWARK, N. J., May 22.—William T. Hunt, editor of the Newark Sunday Call since 1895, and for many years prominent in New Jersey politics, died here to-day.

**NEW YORK PRESBYTERY CASE TO REACH FLOOR**

Committee Reaches Understanding on Heresy Charges, and Will Report Compromise Agreement.

ATLANTIC CITY, N. J., May 22.—Despite efforts of the administration forces of the Presbyterian General Assembly to have the charges of heresy against the New York Presbytery settled in committee, it was learned to-night that the committee on rules and overtures had reached a definite understanding, and that the matter will be brought to the floor of the convention. The committee will report a compromise agreement, recommending that the New York Presbytery be rephrased and given to understand that it must exercise more caution in the future. A period has been set aside to-morrow morning for consideration of the report, and a spirited fight is expected. Many delegates announced to-night that they would protest such a recommendation, and would demand more severe punishment. Leaders of both factions were hopeful, but declined to make any predictions as to what action the convention might take.

The committee considered several other overtures in executive session to-night, among them one recommending that a committee be named by the assembly to go to New York and make an investigation and report back to the 1917 convention.

The Rev. Edward L. Warren, of Louisville, Ky., was elected permanent clerk at to-night's session, and the Rev. David T. Uily, a ninety-eight-year-old delegate from Media, Pa., in an address, reviewed the advance of the Presbyterian Church during the last seventy years.

More concerted and systematic action among educational institutions to secure converts among the students was one of the resolutions approved by the convention.

**OPTIMISTIC REPORTS BY BRADSTREET AGENTS**

Community Superintendents of Southern Division Describe Business Conditions in Their Territories.

ATLANTA, GA., May 22.—Community superintendents of Bradstreet's Commercial Agency, who arrived here to-day for the annual meeting of the Southeastern division agents, brought optimistic reports of business conditions in their several territories.

John A. Singleton, of Greenville, S. C., said: "Textile manufacturers are working at full capacity. Cotton goods and yarns are in good demand, and prices have advanced to the levels of 1907. The one dark spot is the continued dry weather, which has damaged small grain and will necessitate considerable replanting of cotton."

Ralph Jones, of the Mobile agency, said: "The substantial increase in the bank deposits, as indicated by the statements of May 1, reflects strongly the financial conditions which exist."

John L. Wray, of Chattanooga, said: "The first estimate placed on the straw-berry yield of this district of 750 cars will be reduced to 550 because of the drought, but the income will be only slightly decreased."

W. R. Swartout, of Savannah, said: "Disturbed conditions and decreased activity in ocean trade are affecting the business of the port adversely for the time being, but the city is progressing steadily, building substantially, and taking on improvements that will be recognized of moment and value in the immediate future."

Linton S. Lewis, of Macon, said: "Business, building, and real estate show a decided upturn."

William M. Barnes, of Augusta, said: "Augusta is gradually recovering from the big fire. Retail dealers in all lines report a 20 per cent increase over last year."

W. L. Lehman, of Tampa, said: "The citrus crop has been good and the growers are in good financial condition. The number of cigars manufactured in Florida this year exceeded any previous year."

**Roosevelt to Testify.**

WASHINGTON, May 22.—Theodore Roosevelt will come to Washington to-morrow to testify at the perjury trial here of the three Riggs National Bank officers. His secretary telegraphed the bankers' counsel to-day that Colonel Roosevelt would be on hand when called as a character witness in behalf of C. C. Rogers, the bank's president, one of the indicted men.

**VOTING TRUST TO DIRECT MANAGEMENT OF S. A. L.**

S. Davies Warfield, of Baltimore, and Associates, in Charge of Road's Policy.

**AT REQUEST OF LARGE OWNERS**

Means Continuation of Control Under Which Company Has Been Financed and Its Properties Improved Along Definite Plans.

[Special to The Times-Dispatch.]

BALTIMORE, MD., May 22.—S. Davies Warfield, the Baltimore financier, and chairman of the board of directors of the Seaboard Air Line Railway Co., together with others of his associates, including prominent men of the South, were announced to-day as voting trustees. This assures the continuation of the directing influence taken by men of the South in shaping the policy of the Seaboard system, when in 1912 the large block of Seaboard stock, then controlled by the Ryan-Hair interests, was purchased by Mr. Warfield and his associates. The stock then purchased was trusted for a term, which expires next year. At the request of large owners of this stock and of other large security holders of the Seaboard Air Line Railway Company for a continuation of the present policy and management of the property, there will now be a voting trust which will run for five years longer. This will insure continuation of the policy and management introduced by Mr. Warfield and his associates, through which the Seaboard Air Line has been financed, its railways and properties improved, and developed in accordance with well-considered plans, with the advantage of a continued direction by those instituting them and in sympathy with their development.

As an accompanying result, investment banking interests throughout the country have become purchasers of large amounts of bonds of the company and, accordingly, its credit and standing have been strengthened.

The close personal identification with the South of the present Seaboard management has given it a familiarity with the conditions and requirements of the States of the South which the railway company serves and their needs, resulting in satisfactory relations with the public.

The voting trustees are as follows: S. Davies Warfield, president, Continental Trust Company and chairman of board Seaboard Air Line Railway, Baltimore, Md.; Samuel L. Fuller, of Kiesel, Kansas, a Co. bankers, New York; Robert F. Maddox, vice-president American National Bank, Atlanta, Ga.; Charles H. Sablin, president Guaranty Trust Company, New York; C. Sidney Shepard, representative estate of Sidney Shepard, New Haven, Conn.; S. N. Y. Frank A. Vanderlip, president National City Bank, New York; Charles W. Watson, chairman of board Consolidation Coal Company, Fairmont, W. Va.; George W. Watts, retired manufacturer, Durham, N. C.; and Albert H. Wiggin, president Chase National Bank, New York.

The Continental Trust Company, Baltimore, Md., has been made the depository under the voting trust agreement.
